Subject: Boiler-plate language to respond to inquiries re: contractors to help w/spill

Monica,

We continue to receive emails from contractors and others that are offering their professional services to help with spill response. our proposal is to send each person a general response (see below) and to keep a file of the people who are offering their support.

Pls let me know if you have any concerns.

laura

Draft Response:

Thank you for your offer of assistance.

Your submission has been sent to EPA's central repository for EPA-wide contracting requests relating to the Gold King Mine spill.

Thank you again for your submission and for more information on the Gold King Mine spill please visit: <http://www2.epa.gov/goldkingmine>
